

OPENING OF REPUBLICAN CAMPAIGN

Formal Event to Occur at Oklahoma City, Aug. 30.

D. T. FLYNN TO SPEAK

Many Other Oklahoma Notables to Make Addresses.

Guthrie, O. T., August 7.—The Republican campaign in Oklahoma will be formally opened in Oklahoma City Saturday, August 30th. Such was the announcement made today by Cash M. Cade, chairman of the territorial committee. The meeting will be in the afternoon and evening, and prominent speakers from all parts of the territory will be present to take part in the event. Bird S. McGuire, candidate for congress, will make the principal address. Delegate D. T. Flynn will be in the territory at that time and will also make an address.

Arrangements are being made for special rates on all railroads into Oklahoma City, and the event on the 30th will be one of the biggest meetings of the campaign. Territorial Committeeman E. J. Leach, of Oklahoma county, will have charge of the work in Oklahoma City. He states that he will have the town decorated and in the evening will have a fine display of fireworks to entertain the visitors. Republicans over the territory have already signified their intention of attending the Oklahoma City meeting, to assist in formally opening the campaign.

There was a sentiment for holding the meeting on the afternoon and night of the 25th, but it was decided that it would be better to hold the big meeting one week later. From that time the campaign will be on in full blast, and Republican speakers will be sent to all parts of the territory.

The executive and finance committees will meet at headquarters next Monday to arrange for the campaign. This meeting was called a few days ago by Chairman Cade, and it is likely that it will be a lengthy session.

The entire territorial committee will attend the meeting at Oklahoma City and assist in opening the campaign. There is much enthusiasm being displayed over the conditions as they now exist, and it is the impression of men who have looked into the situation that there is no question but what the Republican party will have a winning campaign.

HIS BUSY MONTH
Bird McGuire Arranges Dates for Addressing Oklahomaans.

Guthrie, O. T., August 7.—Governor T. R. Ferguson and Bird S. McGuire will here yesterday afternoon for a campaign, where they are attending the Blaine county Republican convention, which took place in that city today. Both the governor and Mr. McGuire made speeches in the convention. There is always a demand in Blaine county for Governor Ferguson, owing to the fact that he is a

OKLAHOMA REDISTRICTED WILL STAND

Governor Ferguson Will Approve Report of the Majority.

PLAN GIVES SATISFACTION

Statement of Vote Two Year Ago in the Districts.

Guthrie, O. T., August 7.—The majority report of the commission to redistrict the territory for legislative purposes will be approved by Governor Ferguson. The governor has not found time to examine the report carefully, but he believes the policy of reapportioning along county lines to be acceptable to all parties interested in this apportionment. The work of the commission has been closed up. The accounts were made out and paid by Secretary Grimes, who had the \$1,900 appropriated for the work, in his charge. It is believed that the report, taken as a whole, will be acceptable to the people of the territory. From all parts of Oklahoma there have been demands, irrespective of party, for districts along county lines. Many counties with population over the required amount asked that the county be made one district, instead of being divided up, in order to help out some other county deficient in population.

In the western part of the territory there are one or two districts slightly under the average. The opinion prevails, however, that when another election comes around there will be an equality in the district all over the territory. The population in the eastern part of the territory is more dense. It will not settle up much more in the country, and the increase will be in the towns. There is plenty of room for new people in western Oklahoma, and in this manner there are sure to be gains in the western part of the territory.

Governor Ferguson, in speaking of the report, said:
"I believe that the districts made by this commission will stand for years. There may be a slight deficiency in some of the western districts, but it is my impression that in two years the districts in all parts of the territory will be as nearly equal as can be made by any redistricting commission. The plan of redistricting along county lines seems to have been the idea favored by the majority of counties in the territory. There have been many demands for district composed of one county, irrespective of population. In the eastern part of the territory this has not been practicable, owing to the number of people, nor has it been practicable in western Oklahoma. In some cases, owing to the lack of population."

Secretary William Grimes, taking the material in his office, made out a table of the vote of two years ago in the counties composing the new districts. The vote was taken up by precincts and shows that neither party has any particular advantage in the legislative and council districts.

ALL WERE SAVED.
"For years I suffered such untold misery from Bronchitis," writes J. H. Johnston, of Brion, Okla., "that often I was unable to work. When, every thing else failed, I was then cured by Dr. King's New Discovery for Consumption. My wife suffered intensely from Asthma, all I could buy, and my experience goes to show it is the best remedy in the world." A trial will convince you it's unrivaled for Croup and Lung Disease. PAWNEE FOR MCGUIRE
Dr. Phillips Says County Is in Good Shape for Republicans.

Guthrie, O. T., August 7.—Dr. G. H. Phillips, of Pawnee, one of the stalwart Republicans of Pawnee county, was in the city today on business. While here he called on the territorial officials and indicated his policy with them. "Pawnee county is in good shape for the Republicans this year," said Dr. Phillips. "McGuire will carry the county," continued he, "and I wish to state that he is a very popular man among our people. I have talked with a number of popular and Democrats who state that they will vote for McGuire because they know him and believe that he will be a good man in congress."

"On the county ticket we will have a good show of winning some places. Owing to the fact that there has been so much talk and so many investigations, the people want a change, and this will help us this year."

ONE ON DAWES COMMISSION
Fellow Has New Scheme for Working the Manly Territory Man.

Admiral L. H. Norton of Marietta reported one J. H. Dunn, who has, it reports are true, been doing a bad office business with the commission down about the territory.
Dunn, it seems, strikes a citizen who has not been enrolled and pretends to him that he is a partner of the judge of the Dawes commission and that he is now out enrolling those that are not on the rolls.
He tells his man that it will be necessary, however, for him to put up about \$5 more if he thinks his man can stand it, and he then gives him a list of other men at Muskogee, to whom the applicant is to pay \$5, which, when paid, will settle him in full citizenship, and he can then take his allotment and be content.

ENID RAISES MONEY
Work on Railroad Done From That City to Kegan Soon.

Guthrie, O. T., August 7.—The Enid "Hay" syndicate last night \$200 in good, reliable notes has been secured by the Commercial club. The club guaranteed \$200 and G. J. Fleming, the president of the Bank of Enid, received for the raising of the remaining \$400. The notes and guarantees were assigned by Mr. Jones and he left for Enid on the night train. Of course, the people must raise the \$200 guaranteed, which they will do.

"Mr. Jones said that the syndicate was begun on the road leading east from Enid in a short time. This syndicate sold one railroad line, leading out of the city in every direction.

Tenth district, Woodward, Beaver and Dewey counties, Republican, 85.
Eleventh district, Caddo and Comanche counties, no vote.
Twelfth district, Washita and Kiowa counties, fusion, 64; no vote in Kiowa county.
Thirteenth district, Roger Mills, Day and Greer counties, fusion, 175.

Conservative Republicans are claiming thirteen representative districts this fall and possibly fourteen, with a fighting chance for three more. They are also counting on seven councilmen, with two doubtful, out of the thirteen. The representative districts figured on are the First, Second, Fifth, Sixth, Seventh, Eighth, Twelfth, Thirteenth, Fifteenth and Sixteenth, Seventeenth, Nineteenth, Twentieth.

In the council districts Republicans claim they can carry the First, Third, Fourth, Sixth, Seventh, Eighth, Ninth, Tenth and another one or two. Should this prove to be the case, Republicans will control both houses of the legislature next year. Democrats are making claims of a majority of the districts. The status of the legislature last year was as follows:
Council—Republican, 5; Democrat, 1; Populist, 1; fusion, 4.
House—Republican, 16; Democrat, 1; Populist, 1; fusion, 5.

HE SAYS NOTHING
Man Supposed to Be Bert Casey in Jail at El Reno.

Guthrie, O. T., August 7.—There is a great deal being said in the El Reno papers concerning a man in jail there, whom it is believed is Bert Casey. The jailer in Washita county, Jess Morris, who had Casey in charge for several months, is expected at El Reno in a few days to identify the young man.
The El Reno Bell has the following in regard to the prisoner:
"M. W. Tweed, who captured the man supposed to be Bert Casey, is still convinced he has a good man. County Attorney Carney is also satisfied that the man is Bert Casey. The prisoner himself says nothing. A phone conversation of Casey sent by one who knows him tallies exactly with the man held here, even to the absence of a tooth."

"It will be remembered that on the Saturday train going north, the man Williams, one of the gang, was on the way to the penitentiary, under an escort of eight men. It is supposed that the injury to the county jail prisoner was caused in getting on or off the car. The gang has made threats that Williams would not be landed in the pen, and plans may have been laid for his rescue, but were frustrated by the large number of guards who showed up. As this theory correct or not, the fact remains that a mysterious injured and non-communicative man is now in jail awaiting identification. The mystery will be cleared up today if Nellie Morrison or Jess Morris come in. Morris, as jailer in Washita county, knows Casey, as he had him in charge for several months."

CONTINUED TILL SEPT. 2
Case of Wm. Barry Is Taken Over With Consent of Both Parties.

Guthrie, O. T., August 7.—The hearing in the case of William M. Barry, charged with perjury during the trial of Elmer E. Brown, at Oklahoma City, has been continued to September 2. The case was to have come up before Judge J. P. Allen of the probate court at 2 o'clock yesterday afternoon, but owing to another case not having been completed it was continued. Such also was the desire of Barry's attorneys, Judge Mcatee and Hon. Frank Clark.
County Attorney Taylor said to a reporter today that he was satisfied that William M. Barry and Joe M. Barry, the alleged Georgia convict, are one and the same person, says the Oklahomaan.
Barry, who remains in the county jail, has improved considerably from the serious condition in which he was brought from Colorado, at that time having a great gash on the left side of his head.

LINCOLN COUNTY TICKET

TRYING TO HOOK ON
Creek Nation Urged to Join Oklahoma in a Statehood.

Seminole, O. T., August 7.—The executive committee selected at the recent meeting to plan for the annexation of the Creek nation to Oklahoma, has issued an address to the Creek nation. The committee consists of R. H. Jenkins, at Hargrave, Webster, Wilbur, A. H. Querry, R. W. Laffin. The address is as follows:
"To the People of the Creek Nation:
The recent session of congress adjourned without providing any form of government for Indian territory. It now seems probable that at the next session of the congress the Indian territory will be made part of Oklahoma. It will probably be left as a territory for a long time of years or will ultimately be attached to Oklahoma under such conditions as congress may provide or as Oklahoma may dictate. The present affairs of some of the Indian tribes will provide the attachment of the entire territory to Oklahoma at the next session of congress is certain. This is not true of the Creek nation. That there will eventually be but one state made from two territories is a beguiling conclusion. Congress will have plenty of time to consider the situation before the Creek nation is made part of the Creek nation. It is another year of the affairs of the Creek nation will practically be closed up. By the time the bill admitting Oklahoma shall have been fully put into effect, the Creek nation will be a part of the Creek nation."

Finley of Holark as probate judge of Kiowa county. Some months ago Attorney General Roberts, while under instructions from Governor Ferguson brought action against the three probate judges in the new counties to secure an accounting to show the amount of fees collected in taxmate matters. The grand jury in Kiowa county at its last session recommended that Judge Finley be removed from office, until such a report was made, which action was taken. Proceedings against the other judges were begun but no action resulted in their respective counties. The matter reached the supreme court of the territory, the papers having been filed by the county attorneys acting in conjunction with Attorney General Roberts. At the last session of the court no action was taken in the matter. It was agreed by Associate Justice Gillette and Attorney General Roberts that Finley should be reinstated until the matter is settled in the supreme court. It was considered unfair to Finley to deprive him of the emoluments of his office while the other judges held their offices, as similar charges were pending against them.

The matter will probably come up in the supreme court at its next session and it is believed that the opinion in the three cases will be handed down. Many of the inhabitants of the new towns thought that they were being charged an enormous price for the work done by the probate judges and immediately filed charges against them. Attorney General J. C. Strong first conducted the investigation and when his subpoena, J. C. Roberts was appointed, the work was carried on under his direction.

TO BE BROUGHT BACK
Colored Reverend Arrested at Muskogee Is Wanted in Logan County.

Guthrie, O. T., August 7.—Rev. E. Y. Know, colored, is under arrest at Muskogee and will be returned to this city to answer to the charge of statutory rape. Complaint was made by Rev. R. F. Stewart, the father of a sixteen year old girl with whom Know is alleged to have had intercourse.

One of the other persons in the war is Mrs. Russell Rhoads, who lives with her son on his farm near Muskogee. One husband and two years have passed over her head and while she has the appearance of a very old woman and is unable to walk without crutches, she enjoys good health and apparently will live several years yet. At her mother's side Friday she was able to converse with the son who came to celebrate her birthday and talked of many memories of her youth which has been history for more than an average life. Mrs. Rhoads lived through the most eventful period of the world's history, having been in this life in 1860, when that great state was and appeared, seemed to be a territory and before the first railroad was built. She has witnessed the advent of telegraph, telephone and the wonders of electricity and watched the government rise from its infancy to one of the greatest powers in the world. She has lived a long life and now as she glances back over the journey she has made she certainly must be proud of the wonderful transformation of the world.

TO ARRANGE MATTERS
Burlingame and McConnell Go to Look After Emmigrant.

Guthrie, O. T., August 7.—Adjutant General Burlingame and Assistant Secretary McConnell have been ordered to look after the emigrant matters here next week. The first shipment of goods was made today, and with next week the goods and other supplies will be placed in position for the emigrants when they arrive on Thursday. From every direction the emigrants this year will be the largest ever held in the territory. There is much interest among the men, and the government are all in excellent condition and will participate in the emigration for the price offered.
